Dear Mloweans, Friends and Well-wishers,

RE: SEEKING DONATIONS TO REHABILITATE MLOWE FP SCHOOL

Support Mlowe Primary School (SMPS) was formed in 2012. The purpose of this group is to support Mlowe FP School by raising awareness among Mloweans and well-wishers worldwide and seek their support in order to improve learning environment of the school and its surroundings. The school enrolls 634 pupils (349 boys and 288 girls).

To this date SMPS has mobilized the entire community in Mlowe and momentum is high. Two committees were formed: Operations Committee and Auditing Committee; supported by other existing groups and offices: School Committee, Parent Teachers Association, Women's Association Committee, Chiefs and Community Development Office. SMPS opened a bank account with Malawi Savings Bank managed by the local committees baring three signatories, namely Treasurer to the SMPS Committee, Chairman to the Operations Committee and Chairman to the Audit Committee. In April 2013, SMPS, represented by its Secretary, Malawi Ngwira, organized a very successful meeting in Mlowe with all the groups. The outcome of that discussion is available at [www.mlowe.weebly.com](http://www.mlowe.weebly.com). SMPS, with the help of the local committees, have identified projects and priority among them is renovation of the junior classroom block. There are reports that accidents have happened to pupils and teachers as they try to enter classrooms using damaged steps. Potholes are everywhere inside the classrooms, on floors and walls. Check photos on the report on the website. The budget for the first project has been compiled with the help of the local committees.

So the first project will be to make sure that the pupils and their teachers go into classrooms and conduct their lessons in save environment. Based on the budget from Mlowe, also posted at the website, SMPS is tasked to raise MWK5 Million for the first project. However, the rehabilitation work may begin whenever enough funds to cover a classroom or two has been raised.

**SMPS is appealing to you to consider donating to this noble cause. We accept any amount, small or large. We also encourage donors to consider donating materials like a bag of cement or two. FYI – a bag of cement costs MK6,500.00. Send us the money and we will buy it for you.**

P.S. – The renovation work will begin as soon as enough funds to meet a specific budget are raised. Most materials and labour will be provided by the local Mloweans. In fact, latest reports from Mlowe indicate gathering of sand is underway. We cannot afford to lose this opportunity.
